

## HEALTH EDUCATORS PARTNERSHIP SERVICE

is now recruiting for the following positions:

### **Community Health Educators**

*Required to work in one of five locations (please state your preferred location when applying)*

Church End, Harlesden & Stonebridge  
Kilburn, Queens Park and Kensal Green  
Kenton, Northwick Park & Kingsbury  
Wembley, Sudbury & Alperton and  
Willesden, Dollis Hill & Neasden

£19,741.00 p.a. pro rata, 14hrs or 16hrs per week  
12 mth Contract  
Flexible working hours negotiable

Health educators will work to promote, maintain and improve individual and community health by assisting individuals and communities to access health and support and adopt a healthy lifestyle.

We need people who can talk to other people in their community about important and sensitive health issues like Covid testing, the benefits of Covid Vaccinations, cancer screening (breast, bowel cervical) and conditions like high blood pressure and diabetes to prevent them getting ill now or in the future.

You should be able to give out simple clear messages, answer queries and sometimes challenge wrong information.

You should have local knowledge of the area you wish to work in; some awareness of health inequalities and its impact on local communities. Experience in developing and delivering presentations to a diverse audience; The ability to network and manage varying views and opinions of different people. We are looking for creative and innovative individuals with the ability to also maintain accurate records for reporting purposes

This is not a 9 – 5pm. You will be required to work out of hours and work flexibly.
